

Truck Use Training
Turkish brand Nurol Makina

March 16-18, 2020

Séneka is a Chilean company that works representing the most prestigious international companies and leaders in the provision of technologies, logistics services and products with the highest quality standards related to the Aeronautics, Engineering, Defense, Cyber Defense, Mining, Logistics and Order and Internal Security.

In March 2020, MundoChile provided the Turkish-Spanish consecutive interpreter service for a training for Carabineros de Chile, in which they were instructed in the use of trucks of the Turkish brand Nurol Makina, which is imported by the Séneka company to Chile.
